# Time for change in Haringey

**Labour in Haringey is failing us, after 55 years in power they are:**

- Closing community centres, cutting library hours, selling public land to developers.
- Failing to tackle widespread damp and mould in our homes while letting rogue landlords off the hook
- Allowing healthy life expectancy to fall faster than almost anywhere in England.

On May 7th, you have a chance to break Labour's grip on this borough and **send Keir Starmer a message that we will not be taken for granted any longer.**

**A Green Council will:**

1) **Protect our parks and public spaces.** Stop the sell-off of council owned buildings, and keep our community centres in public hands.

2) **Push for better quality housing**, and lower bills. Introduce a tougher licensing scheme to tackle rogue landlords, and freeze service charges for council tenants and leaseholders.

3) **Put power back in your hands.** We'll establish a Renters' Forum for private renters, and pilot participatory budgeting meetings so local people decide how the council spends its money in your neighbourhood.

An election win for the Greens is the best chance yet to undo years of Labour neglect
